4 Policy

4.1 Objectives

The Sycamore School will implement and comply with the Child Safe Standards and understand they may be required to give an authorised officer of the Queensland Family and Child Commission (QFCC) information about the School's compliance. In implementing and complying with the Child Safe Standards, the School will provide an environment that promotes and upholds the right to cultural safety of students who are Aboriginal persons or Torres Strait Islander persons (the

Universal Principle). The School will have regard to [Guidelines](#) made by the QFCC in implementing and complying with the Child Safe Standards and Universal Principle¹.

As per the Guidelines, this policy outlines the ways in which The Sycamore School actions and prioritises the safety and wellbeing of students. Rules and expectations regarding student safe practices are outlined for staff, volunteers and community members with the aim of establishing a student safe environment².

This policy will:

- Set out the School's expectations, practices, and approaches in relation to each of the Child Safe Standards, including the Universal Principle.
- Be displayed for public access on the School's website and at the School's Administration office.
- Cover acceptable and unacceptable student to student, and student to adult interactions.
- Describe the School's commitment to equity, inclusion and cultural safety and how the organisation recognises, responds and respects these factors.

4.2 Principles

The implementation of, and compliance with, the Child Safe Standards and Universal Principle by The Sycamore School are to be based on the following fundamental principles:

- (a) Child Safe Entities, including The Sycamore School, are responsible for continuously improving the ways in which, in their operations—
 - (i) the safety of children is promoted; and
 - (ii) child abuse is prevented; and
 - (iii) allegations of child abuse are properly responded to.³
- (b) The Child Safe Standards are not a simple checklist. They encourage Child Safe Entities to think about how their day-to-day work protects children's rights and safety.⁴

4.3 Responsibilities

The Sycamore School is responsible for developing and implementing this Student Safety and Wellbeing Policy and related policies and procedures to ensure it fulfils its Child Safe Standards and Universal Principle obligations.

All Directors, staff and volunteers at the School are responsible for acting in compliance with this policy and related policies and procedures.

Implementation of the Child Safe Standards

7.1 Leadership and Culture

Student safety and wellbeing is embedded in The Sycamore School's leadership, governance and culture.

The Sycamore School is committed to taking all reasonable steps to promote the safety and wellbeing of students enrolled at the School and their protection from foreseeable harm. We prioritise student safety and wellbeing in all aspects of our work and do not tolerate any form of child abuse or harm. We act in accordance with the Child Safe Organisations Act 2024 (QLD) and implement the Child Safe Standards and Universal Principle to create a safe, inclusive, and accountable environment. We listen to students, value their views, and support them to participate in decisions that affect them.

The Sycamore School is committed to the safety and inclusion of all students, including those from diverse cultural backgrounds, students with disability, LGBTQIA+ students, and students who may be experiencing vulnerability. We also make a clear commitment to the cultural safety of Aboriginal and Torres Strait Islander students and to providing an environment where their identities, cultures, and connections to Country are respected and upheld.

Risk Management

The Sycamore School implements robust risk management processes to prevent, identify, and mitigate risks to students, and is committed to the monitoring of risk to the safety of students on an

ongoing basis. The School will utilise various risk management tools including The Sycamore School's Risk Management Framework, Risk Management Policy, Risk Management Processes, Risk Appetite Statement, Risk Registers, Work Health & Safety Policy and/or a Critical Incident Policy and associated plans to assist it in this process and will keep appropriate records of decisions made and actions taken in relation to risks to students.

Code of Conduct

At The Sycamore School we expect our staff to conduct themselves as follows:

- Always behave in ways that promote the safety and wellbeing of our students.
- Actively seek to prevent harm to students, and to support those who have been harmed.

Specific responsibilities include:

- Staff should avoid situations where they are alone in an enclosed space with a student.
- When physical contact with a student is a necessary part of the teaching/learning experience, staff must exercise caution to ensure that the contact is appropriate and acceptable. Staff must always advise the student of what they intend on doing and seek their consent.
- Staff must not develop a relationship with any student that is, or that can be interpreted as having a personal rather than a professional interest in a student.
- Staff must not have a romantic or sexual relationship with a student.
- Staff must treat all students, colleagues and community members with respect, fairness and dignity, regardless of culture, race, ethnicity, language, religion, ability, gender, sexual orientation, or background.
- Staff must not engage in any form of racism, discrimination, harassment, or exclusionary behaviour. This includes verbal, written, online or behavioural actions that demean, stereotype or disadvantage an individual or group.
- Staff must actively challenge racist or discriminatory behaviour when it occurs and follow school procedures for reporting such incidents.
- Staff must promote a culturally safe, inclusive and respectful environment by valuing diversity, acknowledging cultural differences, and modelling culturally responsive behaviour at all times.

Information Sharing and Recordkeeping

Staff understand their obligations in information-sharing and maintaining accurate, secure records about student harm and abuse concerns, disclosures, and responses.

7.2 Student Voice

Students are informed about their rights, participate in decisions affecting them and are taken seriously.⁵

The Sycamore School is committed to championing the voices of children and young people, ensuring they have genuine agency in matters that affect them. We listen to students in age-appropriate and culturally appropriate ways and create safe, structured opportunities for them to express their views.

The Sycamore School uses the curriculum and educational programs to actively promote positive peer relationships and reduce student isolation by embedding learning experiences that strengthen social skills, empathy and respectful behaviours. Through age-appropriate lessons and whole-school wellbeing programs, students are also provided with access to sexual abuse prevention education that builds their understanding of personal safety, protective behaviours and where to seek help. Together, these curriculum-based approaches support safer, more connected and more informed students.

7.3 Family and Community

Families and the community are informed and involved in promoting student safety and wellbeing.⁶

The Sycamore School recognises the vital role families and communities play in the safety, wellbeing, and education of students. We value strong, respectful, and collaborative partnerships with families and the broader school community.

We intentionally build inclusive relationships, particularly with First Nations families, local community members, and Elders. We honour Country and embed an Acknowledgement of Country in our practices to ensure students understand the importance of knowing and respecting the land on which we learn.

Regular communication through emails and the newsletter ensures parents, carers and the school community are informed about the School's operations and governance.

7.4 Equity and Diversity

Equity is upheld, and the diverse needs of students are respected in policy and in practice.⁷

The Sycamore School is committed to creating an inclusive, equitable environment where all students feel safe, respected, and supported. We actively work to remove barriers to participation and ensure our practices reflect cultural safety for all students.

This commitment is actioned through the Disability Discrimination Student Policy.

The Sycamore School is committed to recruiting, selecting, training and managing staff in such a way that limits risks to students. In particular, The Sycamore School will:

- Ensure that its recruitment and selection procedures act to reduce the risk of harm to student from staff via:
 - Accurate position descriptions, including whether the successful applicant must be a teacher registered with the Queensland College of Teachers (who has been subject to relevant police and other safety checks), whether a Blue Card is necessary for the successful applicant, the responsibilities and supervision associated with the position, the nature and environment of the service provided to students, and the experience and qualifications required by the successful applicant.
 - Advertising the position with a clear statement about the School's commitment to safe and supportive work practices and identifying that candidates will be subject to a teacher registration check or Blue Card screening, a police check, referee checks, identification verification and the requirement to disclose any information relevant to the candidates' eligibility to engage in activities including students.

We ensure that all complaints are taken seriously, addressed promptly and thoroughly, and managed in line with our reporting, privacy and employment law obligations.

Any concerns, disclosures or allegations relating to harm or abuse of a student are managed under the School's Concerns of Harm or Abuse Policy, which sets out our mandatory obligations to act protectively and report to the appropriate authorities.

7.7 Skills and Knowledge

Staff and volunteers of the School are equipped with the knowledge, skills and awareness to keep students safe through ongoing education and training.¹⁰

The School will train its staff in processes relating to the health, safety and conduct of staff and students on their induction and will refresh training annually.¹¹

7.9 Continuous Improvement

Implementation of the Child Safe Standards is regularly reviewed and improved.¹³

The Sycamore School is committed to fostering a culture of continuous improvement in student safety, wellbeing and cultural respect. We recognise that embedding the Child Safe Standards and Universal Principle is a continuing journey that requires ongoing commitment, regular review and continual strengthening of our practices.

The Sycamore School will:

- Review policies, procedures and practices regularly to ensure they remain effective, responsive and appropriate for the Sycamore community. This includes undertaking periodic audits, self-assessments and reflective practice to identify strengths and opportunities for improvement.
- Analyse available data including complaints and concerns to identify causes and systemic issues and use these insights to inform continuous improvement of policies, procedures and practices.
